

# Osama A. ORABY

**Assoc.Prof. of Electronic Engineering  
Ph.D., Menoufia University, 1989**

**Phones :**

**: 002057249278**

**Mobile: 002011937357**

**Fax:**

**E-mail: drosama\_oraby@yahoo.com**

## **Research Interests: Optical Communication systems**

**Dr.O.A.ORABY is interested in the area of Integrated Optics (IO's) especially the methods of fabrication the planar optical waveguides by the double ion-exchange technique by using several solutions to realize some applications such as multiplexers and demultiplexers, also the acoustic-optic interaction to study the effect of sound on optical fibers.**

Damietta University
